## Instructions:

Print the invitations and banner on medium or heavy-weight card-stock. The invitations fit into standard business-sized envelopes. For the banner, use a single-hole punch to punch 2 holes on the top of each piece, weave ribbon or yarn through the holes to create a banner.

Print the medium labels on World Label WL-600 tables, the text is editable so you can use these as “made by” labels, favor tags, or “thank you” stickers.

Print the large labels on World Label WL-475 labels, the text is editable so these can be ingredients labels, recipe labels, or tags for larger party favors

Print the 2 inch circles on World Label WL-5375 and use them as seals for the invitations, put them on pretty paper and use them as cupcake or appetizer picks, or give them as a gift.

Alternatives: Print the invitations and banner on World Label WL-175 full-sheet labels and back them with pretty papers, like the full sheet included in this set, or scrap-booking papers.

Add glitter or cotton balls (snow) to make your set more unique!
