

VALENTINES DAY LABELS

[2.5 INCH DIAMETER]

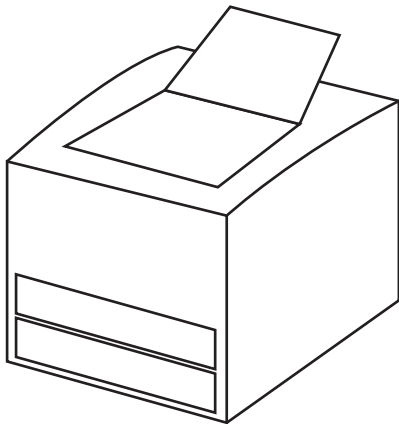

PRINTING METHOD 1

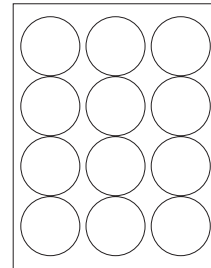

METHOD 1: PRE-CUT LABEL PAPER

WARNING: GETTING PERFECT ALLIGNMENT CAN BE PROBLEMATIC FOR COMPLETE CONTROL OF ALLIGMENT FOLLOW METHOD 2

PRINTER

PRE-CUT LABEL PAPER
WORLD LABELS WL350
2.5 INCH DIAMETER

PRINTING TIPS: PLEASE READ!

PRECUT LABEL PAPER - WORLD LABEL TEMPLATE WL350. This method can be problematic depending on your printer, the way in which it feeds and your print margins. When you feed the pre-cut label paper make sure you adjust your print tray to US Letter Size, lay the paper in very carefully so it is completely flat, straight and not slouching toward the bottom of the tray, this is CRITICAL for good alignment . In your 'General' print settings adjust media size to US Letter and select 'do not scale' or 100% size. ALWAYS test print first. If you do not wish to waste expensive label paper, print one of the pages in this pdf once, and print the exact same page again, over the top, to check your alignment and that you are feeding pages correctly. ALWAYS CHOOSE BEST QUALITY PRINT SETTINGS FOR FINAL PRINTS.

METHOD 2: 1 LABEL PER PAGE PAPER MOST RECOMMENDED METHOD - SEE LATER

OPTION 1 - ALIGNED TO WORLD LABEL TEMPLATE WL350

PRINTING METHOD 2

METHOD 2: 1 LABEL PER PAGE PAPER THIS METHOD IS MOST RECOMMENDED FOR COMPLETE CONTROL OF ALIGNMENT

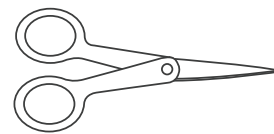

PRINTER

FULL PAGE LABEL PAPER
WORLD LABELS WL175
8.5 X 11 INCH LABEL

2.5 INCH CIRCULAR
PUNCH or SCISSORS

PRINTING TIPS: PLEASE READ!

8.5 x 11 INCH LABEL PAPER - WORLD LABEL TEMPLATE WL175. The following pages are set up with cutting outlines and more space around labels to make cutting out easier. This method means you can print on any brand of full page label paper (8.5 inches x 11 inches) and cut each label out manually, giving yourself complete control over alignment. It is recommended for best results you use a 2.5 inch circle cutter. The 'EK Success' ones allow you to line the label up perfectly before you punch. Still select 'do not scale' and best quality print settings. The document is set up within the general margins of US Letter and A4 page formats. Whatever size you print on DO NOT SCALE.

OPTION 2 - ALIGNED TO WORLD LABEL TEMPLATE WL175
